

Imageperfect Monomeric Digital Short-Term Film Range

The Imageperfect range of monomeric digital print films are engineered for short-term promotional applications, offering robust performance and versatile options. Available in gloss or matt finishes, these films come with clear or grey adhesives and are offered in removable or permanent variants to meet diverse project requirements.

Specifically designed for flat, smooth surfaces, these films are suitable for indoor and outdoor use, making them ideal for applications such as point-of-sale displays, promotional signage, and general-purpose graphics. The films deliver exceptional print quality, achieving vibrant colours, precise text definition, and an extended colour gamut for impactful visual results.

Optimised for large-format inkjet printers, Imageperfect films are compatible with Latex, Eco-Solvent, Solvent, and UV-curable inks. The inclusion of a double-side PE-coated release liner ensures superior lay-flat performance, even in conditions involving heat and moisture during the printing process. For enhanced durability and surface protection, these films can be paired with IP 2567 gloss or IP 2568 matt laminates, ensuring optimal performance in demanding applications.

Specifications	
Description	Monomeric vinyl
Colour	White Gloss - IP 2563, IP 2564, IP 2565 White Matt - IP 2566, IP 2576
Thickness	100µ
Weight	n/a
Temperature Range	-10°C to +50°C
Adhesive	Solvent acrylic options - Clear/Grey/Permanent/Removable: IP 2563 - CP & CR IP 2564 - GP IP 2565 - GR IP 2566 - GP & GR IP 2576 - CP & CR
Adhesive Strength	Permanent - >13.4N/25mm (Finat 1/24h) ±1N Removable - >4.5N/25mm (Finat 1/24h) ±1N
Release Paper	Two side PE-coated silicone paper, 140 gsm
Durability (unprinted)	Up to 3 years
Flame Retardancy	n/a
Shelf Life	18 months, 20°C / 50% humidity
Recommendation	For optimum quality, please ensure that the media feed adjustment has been completed
End of Life / Disposal	Not recyclable
